Date 25.09.2024

MEPZ AUTHORITY CIRCULAR

**Implementation of Single vendor for Comprehensive Waste Management System in
MEPZ**

Dear Unit Heads/Director,

As part of MSEZA's on-going commitment to sustainability and effective waste management, we wish to inform a significant update regarding the comprehensive waste management plan within MEPZ SEZ.

Currently, MSEZA contracts a vendor who is responsible for collecting general garbage and office waste throughout the Zone. This vendor collects office and food waste and transports it to their yard for further processing. However, the management of production waste generated by individual factories and Units are not part of this vendor's responsibilities.

MSEZA has decided to provide a comprehensive waste management solution aimed at achieving zero waste disposal within the zone. The proposal is designed to minimize the environmental impact, conserve valuable resources and set a sustainable waste management practice.

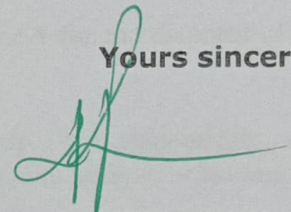

To streamline and enhance our waste management processes, it is proposed that all Units within MEPZ SEZ shall dispose of their duty payable and non-duty payable waste through a single vendor contracted by MSEZA. This initiative is aim to support recycling and reuse initiatives, ensuring that all generated waste within MEPZ are managed responsibly. The proposal was presented during the 30th authority meeting held on 16.08.2024, wherein, after careful examination/consideration, the same was approved by the committee.

In the light of the above, we kindly request all Units to adhere to this new initiative for waste disposal process and collaborate with the designated vendor for the disposal of all types of waste. Detailed guidelines and contact information of the vendor shall be shared shortly.

We urge all Units to take this initiative responsibly and revert with your consent form (enclosed) on top priority. We solicit your cooperation for the successful implementation of this go green initiative and we look forward to working together to achieve zero-waste goal.

This is issued to with the approval of Development Commissioner, MEPZ SEZ.

Yours sincerely,

PRABUKUMAR K
Development Commissioner (I/C)

To: All Units within MEPZ SEZ

Encl: Consent Form, SOP of the Vendor

Consent Form for Waste Disposal Initiative by MEPZ Authority

Date:

To

The Development Commissioner,
MEPZ SEZ,
Chennai.

Sub: Consent for Participation in the comprehensive Waste Management initiative –Reg.

Dear Sir,

In response to the circular issued by MSEZA regarding the implementation of a comprehensive waste management solution within MEPZ SEZ, we hereby express our consent to adhere to the new waste disposal initiative.

We agree to collaborate with the designated vendor contracted by MSEZA for the disposal of both duty payable and non-duty payable waste generated within our unit.

We understand that this initiative aims to support recycling, reuse, and responsible waste management practices, contributing to MEPZ's sustainability efforts and the goal of achieving zero waste.

We confirm our participation in the initiative and agree to comply with the waste disposal guidelines provided by MSEZA. We will coordinate with the designated vendor for all types of waste disposal as instructed.
